Mega J observes First Anniversary

Company Marks Anniversary with Paint Donation to Camille Henry School

The island's only warehouse store, Mega J, celebrated its first anniversary on November 16, 2009. As a corporate gesture to mark the first anniversary of operation, Mega J, working with its ACE supplier, provided a large quantity of paint to the Camille Henry Memorial School at Lanse Road for the repainting of the school. The gift comes as the school celebrates its 20th anniversary this year.

With the opening of the 50,000 square foot facility at Choc Estate last year, the island was introduced to a new era in wholesale shopping. From inception, Mega J has been an ardent supporter of the local agricultural and manufacturing sectors, a relationship that has resulted in tremendous linkages and opportunities for both of these sectors, small shops, vendors, resellers and other customers. The company has also made significant strides in such areas as training of its over ninety staff members. Four months into its operation, an eye care centre was added to the range of conveniences offered at mega J.

The size and scale of the concept has allowed Mega J to transform the Saint Lucian shopping landscape and shopping experience, as the company has been able to capitalize on its purchasing power and global affiliations for the benefit of the economy and customers alike. When the store opened last year, its operating hours were from 9am – 9pm, however given the demand by vendors, resellers and tourism food service providers for the services offered, the hours were changed to 7am – 9 pm.

Built at a cost of over thirty million dollars (EC\$30), Mega J offers over 5,000 items ranging from groceries, toys, home improvement, hardware, paint and office supplies.

The store also offers a range of conveniences including a Courts outlet, Paint Centre, bakery, Bank of Saint Lucia ATM service, digital photo processing kiosk, pharmacy, snack bar and post boxes.
