

This is a project designed by Consolidated Foods Ltd. to mark the company's 10th anniversary. Through this project CFL is inviting community development organizations, service clubs, schools, charitable organizations and other nonprofit organizations to write to the company for support of a community project. Five projects will be selected and each will receive EC \$10,000 as well as manpower volunteer support from the Super J IGA store(s) which the majority of customers from the community selected patronize. Given that we can only accommodate five projects, we have zoned the country into five zones as follows Anse-La-Raye to Soufriere, Choiseul to Vieux Fort, Micoud to Dennery, Gros Islet and Castries.

Guidelines

- ✚ The submission must be by a registered community group, service club or a charitable organization
- ✚ The project cause must benefit the community as a whole, not an individual or groups of individuals.
- ✚ Apart from completing the Super J IGA Unity in Community Sponsorship request form a formal proposal must be submitted, inclusive of a plan of action to clearly demonstrate the social impact of the project.
- ✚ - A budget and any supporting documentation for the project must be attached (example drawings etc if necessary)
- ✚ \$10,000 will be allotted to one project per zone.
- ✚ Super J IGA staff will provide volunteer support to help make this project a reality.
- ✚ Fire relief, medical assistance and existing human services projects covered under the company's annual contribution to the National Community Foundation, CFL's Yoplait Walk for Cancer funding and the company's Food Redistribution Programme will not be considered.

Super J IGA Unity in community
